Quality Improvement Grant Application

The Jefferson-Lewis Childcare Project (JLCP) is currently offering quality improvement grants to licensed and registered child care programs in Jefferson and Lewis Counties. The first step in the process is program assessment, using a reliable tool, to identify strengths and areas for growth. JLCP staff will provide guidance during the assessment process and will assist in developing a plan for quality improvement, where applicable. Grant funds may be used for materials and/or training, depending on individual provider and program needs.

Funding is limited. Applications will be processed as they are received and JLCP staff will contact applicants regarding eligibility and availability. For more information call 782-4900 ext 237 or 239.
